## PUBLIC SPEAKING

Public speaking isn't limited to celebrities or politicians - it's a survival skill each of us need every time we need to express ourselves at a work meeting or at a social gathering.

What started off as 1 club in YMCA, USA by Dr. Ralph C Smedley, ~100 years back is today a global movement with 300 thousand members in 16 thousand Community & Corporate clubs in 150 countries.

## LEADERSHIP

It is not a badge or a title, it is an opportunity to make positive impact through relationships, vision, action and making a positive impact on another life through better decisions.

## OUR MISSION

We empower individuals to become more effective communicators and leaders.

WHERE LEADERS ARE MADE

“The well-balanced, intelligent speaker is the natural leader in any group of which he is a part.”

— Ralph C. Smedley,  
Founder of Toastmasters International
